February 2019
Volume 57 Number 6
President's Message

Hello 2019!

Christmas is behind us, all the decorations neatly put away and our memories of New Years celebrations now only linger in our heads. Expanded waistlines and depleted bank accounts may be all that leave evidence of this past festive season.

If you are one of the lucky ones basking on a beach somewhere in the sunny south or just back at your old routine, it's time to tackle those New Years resolutions that may have bounced around in your head this time of year.

“Lifehack” states that the top resolution ideas are:

- #1 Get in shape (Like I really need to)
- #2 Start eating healthier (Probably has something to do with the above)
- #3 Stop procrastinating (I'll start tomorrow)

And

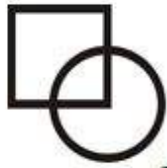

- #4 Improving one's concentration and mental skills

The list goes on, however, #4 caught my attention because it could very easily be accomplished by expanding our dancing skills as it incorporates the main aspects of our activity. Whatever your resolution, do it for yourself and those around you that may benefit by the successes accomplished through your sustained efforts. Good Luck!!

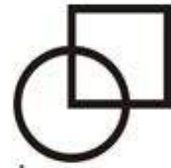

Thanks to Woodstock's Silver Streaks dance club for hosting another successful SWOSDA dance in Springfield on January 26 and to Callerlab and Barry Clasper for a most informative, interesting and educational presentation on “Sustainable Square Dance” A Callerlab Experimental Lesson System. We sincerely hope that those in attendance utilize the materials distributed to better enhance attendance, club building / maintaining dancers and caller education.

Hope to see everyone at the next SWOSDA dance on February 23 in Fergus. Until then, please support as many dances as you are able.

Saturday January 26, 2019

Hosted by Silver Streak Square Dance Club

For the first SWOSDA dance of 2019 we were blessed with beautiful sunshine and dry roads. The events took place in Malahide Community Place in Springfield.

Instead of the usual morning executive meeting, approximately 36 dancer and callers gathered at 10 a.m. to hear Barry Clasper of Callerlab speak on the topic of "Sustainable Square Dance". Barry's presentation covered such topics as

1. Admitting what it is we have to offer and
2. Admitting that we have no way to measure where dancers are at.

He then took us through an explanation of SSD-50, formerly known as "Club 50" A caller named Jeremy Story developed a list of 50 basic and mainstream calls that can theoretically be taught in twelve weeks.

Barry then showed us how to find all of the SSD information on the web.
(Presentation on the SWOSDA web - Select About -> Caller Information)

The Silver Streaks Squares of Woodstock hosted the afternoon dance program with a lovely selection of treats throughout the afternoon. Tom Charlton was the host caller. Dancing got underway at 1:00 p.m., with over 80 dancers in attendance, and concluded at 5 p.m. The program also included Jeff Priest as caller and Andrea Priest as cuer for round dance. The afternoon featured three new callers: Gail Motteshed, Merv Reid and Brian MacIsaac.

A big thank you to Silver Streaks Squares for hosting and all the volunteers who made the entire day progress smoothly. Thank you to the callers and cuer. It was great to dance to the three new callers and everyone had a good laugh at Gail's improvisation on Mother's Butter tarts. We can be optimistic about the future of square and round dance in Ontario.

The next SWOSDA will be hosted by the Elora Grand Squares on Feb 23, 2019. Here's hoping for another great turnout.

Remember When...

Looking Back – 2019-02 Sharing their Expertise

As I started preparing this month's reports, I was actually looking forward, anticipating the educational seminar scheduled for the morning of Jan. 26. Although offered by Callers Clinic, everyone was invited to attend "Sustainable Square Dancing" presented by Barry Clasper. Barry was taking time from a very busy schedule to come from the Toronto area to share his expertise with us. Many of you will be familiar with Barry as co-leader with Jeff Priest in Callers Schools, participation in the T&D conventions, and in the National Conventions and in his position of Past Chairman of Callerlab. I certainly hope that I will hear that there was an excellent turnout in Springfield.

This got me reminiscing about some of the other individuals far and near who shared with SWOSDA dancers and callers through the years in various ways.

As early as 1964 Ed Gilmore's Caller College was brought in to instruct the callers in various skills involved in square dancing. Ed Gilmore, who was one of the early "pioneers" of the dance in the Southern California area, broke the dancing down into basic figures to simplify the dancing.

In 2007 Nasser and Jeanne Shukayr came from Texas to St. Agatha where they introduced ABC dancing to our callers and dancers as a way to introduce square dancing to non-dancers. The afternoon lecture and workshop demonstrations were followed up an evening of high-paced dancing for all.

Our SWOSDA callers are very generous in stepping forward to demonstrate and inform us on a variety of topics, as well as acting as guest callers for clubs around the area and beyond. Just as an example I give you, from the 1989 Bugle, Clinton Wheel 'n Dealers advertised having "the BIGGEST and the BEST CALLERS for their anniversary dance.

In 2008 Dan Weatherby put the callers through their paces in a workshop on wheelchair dancing.

As I read through other Bugle past issues, in Feb 1989 I found the following. "As it had been decided last month, each caller was to bring a call or movement that they enjoy doing at their club. Lorne Lockrey lead off the session with a 6 couples square or a Hexagon Square. He explained the method and had handouts to cover both the mainstream and plus levels."

Do you remember in 2016 Jeff Priest sharing with the callers and anyone else who wished to attend the various formations dancers could enjoy for their dancing pleasure. Volunteer dancers were put through their paces with dancing in twos, threes, and six person and hexagon squares. These skills were then put to practice in the following years as Tom Charlton and troupe of six couples demonstrated in a variety of venues a routine choreographed by Jeff Priest to advertise Convention 2018.

I welcome comments, questions or suggestions for future articles. See you in a square soon.

You may have heard that I am having issues with my sight. In late December I found out I had a detached retina and had surgery to correct the issue. Another surgery was required in January in an attempt to correct the blurred vision.

Vision is still not 100 % and so computer work continues to be a bit of a challenge. It's hard to find errors when it all looks fuzzy! I'll do my best to carry on and publish a quality product. Here's a few things you can do to help...

- Submitting a Word document is best. I use Times New Roman font with 11 point size
- Email files will continue to be accepted
- PDF files are a bit of a problem because it's difficult to extract the content; try not to use PDF files.
- Flyers – If your flyer is a large DPF file try compressing it first. Here is useful website to do that <https://smallpdf.com/compress-pdf>

Your help is appreciated,

Centennial Beavers - London

We had no trouble at all feeling the "Caribbean Vibe" on our Caribbean Night in January. What a great time we had. So many of the dancers dressed up and brought the sunshine with them. Nancy greeted them at the door and "lei..d" them...(ha ha...a neck garland) We had Caribbean food, Sunshine Punch and lots of good

fun. We had a visit from our SWOSDA presidents Austin and Avril Hayward. Everyone loved dancing with them and we appreciated their visit on such a bad night for weather. It's funny how square dancers handle the weather. True blue Canadians! We have the greatest get-togethers you should come for our next one in February.

Our Valentines Dance will be on Friday Feb. 8th and we will all be in red and have a few treats during the dance.

In March our "St. Paddy's Dance" will be on Friday March 15th and the wearin' of the green will be mandatory. We will have all Green Eats and dance a jig or two .

Also in March we are looking forward to our first frosh Dance, which will be held on Saturday March 9th at Richards Memorial Church in London. Check the SWOSDA website for the details. We are hoping for an excellent turn out so that we can continue this great dance for beginners.

Beavers dance every Friday night from 7-9pm at the Kiwanis Senior and Community Centre at the corner of Riverside Drive and Wharncliffe Road. We welcome all dancers to join us and come back to take a refresher course so you can get back into the swing of things. Some people that dance with us have danced for years at higher levels but then had to take time of due to health issues. They come back to the basics so they can work their way back into doing the dancing they love. If you are one of those dancers who has been out of the loop for a while, come out, join us, have some fun meet some great people and D A N C E again. We know you miss it! Come out, dance with us!!!

Traditional and Casual Attire welcome at our regular club dances

Regular Dances – January 9 to May 1, 2019

January was a short month for the Clinton Wheel n Dealers with only two nights of dancing.

We were privileged to share our love of square dancing with a couple of exchange students from Brazil and also a student from Japan. This has given the club some memorable experiences as we taught them the basic steps and they joined in our squares for great fun.

We enjoyed our themed dance this month which was Winter Wonderland. We encouraged our dancers to dress for the weather with mitts, scarves and hats.

This month we are excited to be holding out Valentines Potluck on February 13th. We will gather with our favorite potluck dishes at 6 pm and eat at 6:30 with dancing to follow.

Please remember that we dance in a fragrance and nut free environment.
There will not be any submission for March as we will be in Florida for February.

Country Squares - Rostock

Country Squares is happy to continue its club activities in the Rostock Agri-Centre Hall in Rostock. The Rostock-Ellice Community Association worked for 3-1/2 years to allow the Optimist Club of Ellice (Township) to purchase the hall, allowing it to continue as a community resource.

Our December dance was full of food and fun, with members entertaining each other with stories and carol singing, spot prizes and gifts for our caller, Neva (and Dunc).

Denim N' Lace - Flesherton

Hello fellow dancers, hope all are staying warm during our cold spell for January.

The Flesherton Club has not danced very often in the month of January but we hope to be back in full swing in February and everyone back to good health.

Our next specialty dance is our Valentines dance on Wed. Feb 13th at 7pm. Come out in your favorite red and whites and join in the fun with Jimmy Lee with some Valentine themed dances and lots of red and white treats to share. Everyone welcome.

Our Annual Spring Fling is coming up fast. On Saturday May 4th, from 7:30-10:00pm at Stothart Hall in Priceville. We will be having door prizes, share the wealth and a lunch afterwards for everyone to enjoy and most of all lots of great dancing with our host caller, Jimmy Lee. Everyone welcome.

For more information about our club and upcoming events check out our website at www.fleshertondenimandlace.ca.

Hope to see you all on the dance floor.

Caller: Jeff Priest

Now that we have settled into winter mode and have Jeff back from his Disney Fling, we enjoyed our annual Disney Night. We heard lots of Disney songs, learned some Disney trivia and experienced Disney ears! If you look closely at the enclosed pic, you'll see that Jeff is sporting his new shiny, silver Mickey ears. Pretty cool!

Our next special is our Valentine Dance on Feb. 11. You are welcome to join us in valentine colours for a wonderful night of love songs.

[Hanover Happy Twirlers - Hanover](#)

The Hanover Happy Twirlers held their Christmas Party on December 4 with a potluck supper and dance, with everyone exchanging Christmas greetings. We held another dance on December 11, to make up for cancellations in November with a good show of club members, even with all the other Christmas events happening.

The club started the 2019 dancing on January 8. Some of our snowbirds have already left and enjoying the sunny south and others planning their winter vacations. Lorne has continued working with our new dancers from the fall. They have been progressing very well with the basics program and enjoying the experience. He has also been work shopping the plus program with the rest of the club. Cecile has continued her round dance program a half hour before the dance. She has been introducing new dances and teaching steps as she progresses the group along.

We will be holding a Hawaiian Night theme dance on January 22. We are starting to prepare for our Sundae on a Saturday Afternoon being held on April 13 starting at 2:00pm. Flyers should be at your club shortly, or check on the SWOSDA events page. Please note the change in time. See you in a square soon.

'That's not senility,' replied the doctor. 'Senility is when you forget to zip down.'

[Huron Bruce Swingers - Lucknow](#)

It's February - the sweet heart month!

So for the Huron-Bruce Swingers the new year did not start out in the best way because the first dance had to be cancelled because of weather. But the following week went well with two squares despite seven people missing!

The big event for this club is that on January 30th, - the actual day - the club celebrated Ross Errington's 90th birthday. Ross and his wife Elaine have been dancing with this club since the second year it started. The club started almost 50 years ago! (Yes, that is another celebration to happen shortly.) So we wish Ross a **Happy Birthday** and keep on dancing.

February will see us have a Valentine's dance on February 13th- all roses and candy. Well you can wish it! Just remember it is winter and in Huron/Bruce Counties we are known to have real winter weather, so check before you start out that our dances are on. Be safe.

February also celebrates "Family Day". Spend some time with your family.

[Huron Happy Hearts - Clinton](#)

Well it was a slow start for the Happy Heart in 2019. It was with heavy hearts that dancing was cancelled for the month of January. Historically, we usually have bad weather and have to cancel anyway. Another reason is Dan's sight...

After his holiday in Cuba he came back with a detached retina, and had to have eye surgery on December 24. He is still undergoing treatment after another surgery on January 21. We wish him a speedy recovery.

Dancing is resuming as of February 1. Stan McKeen has agreed to share his cueing talents while Dan is recuperating. We wish him a speedy recovery!

Check the website for dance updates in case of weather cancelations.

[Rhythm Rounds - London](#)

February is the month of "Love". Our Valentines Dance this year is on Feb 13th, the day before Valentines Day. Our Dance is always well attended. We call it "Don't Step On My Toes Sweetheart" dance. It's just fun dancing all night. No teaches. Ed will have a special program made up and our Beginner class will join us for the evening. It will be a great night of dancing followed by cake and ice cream. We start at 7PM and dance until 830pm followed by our social until 9pm. Our dance is open to all round dance levels so we hope that you will come out and join in the fun

Our beginners are learning so fast this year. We are on to our 2nd rhythm of the season which is the Cha Cha. A little faster pace, a little more "fun" than the waltz and a chance to add to our repertoire. Our confidence is growing and we appreciate our small class which allows us great one on one attention. The 4 couples dancing are excellent at attendance and practicing at home, which allows them to advance so much faster. Dedication and commitment are two of the most important ingredients for success.

Our programs this season are varied and well placed for all levels. Ed has given us a few teaches to keep us in the realm of what other dancers are doing. We have been hounding him to teach us a few two-steps and they

have been going well. They are not as easy as we thought they would be but that is the challenge that keeps us humble. Our numbers are growing with the addition of our beginners club and we are now dancing with 18 couples and we are really enjoying being at the Lambeth School this year. We dance every Wednesday night and welcome any that would like to come out and dance with us.

Happy Valentines Day!!!

We have done one of these groups for 8 years now and each year brings out folks from age 4 to 90 - they have a blast. We have had the pleasure of working with more than 35 church groups this year, in addition to more than a dozen youth groups and summer camps. Keep us in mind if you know of a group that might be interested in a "Square Dance Party". We do many private parties for Birthdays, Anniversaries, Weddings, Pre-wedding parties, as well as "just because parties"

Strathroy Swinging Duo's

Our first dance for the New Year with our guest caller Dave Paulen was canceled due to inclement weather.

Our caller Tom Charlton is taking a leave for the remainder of our dance season due to his position on Aylmer council and his upcoming surgery. In preparation for Tom's absence, Stan Mckeen has been recording several of his calling evenings at our club. On evenings when we are unable to have a caller we could dance to his recording. We had our first "Tom to Tom" dance on January 14 and we had much fun and laughter listening to Tom's audio comments that didn't pertain to the present moment. The evening went very well and we thank Stan for running the music and for his cuing. Merv Reid also called a Mainstream and plus tip.

Dave Paulen will be calling for us on January 21 and Tom Charlton will be able to call for us on January 28. On February 11 join us for our Valentine dance with Caller Dave Paulen and cuer Stan Mckeen. Lunch will be served following the dance.

Session two to Introduction to Modern Square Dance was off to a good start on January 9. We have 19 new dancers and 5 dancers from last year's session coming for a refresher, making a class of 24 dancers.

Great information was shared and appreciated by many.

A guy in a bar was about as drunk as it's possible to get.

A group of guys notice his condition and decide to be good Samaritans and take him home.

First they stand him up to get to his wallet so they can find out where he lives, but he keeps falling down.

He fell down eight more times on the way to the car, each time with a real thud.

After they get to his house, he falls down another four times getting him to the door.

His wife comes to the door, and one guy says, "We brought your husband home."

His Wife asks, "Where's his wheelchair?"
